420 Babylon Rd. Suite F  
Horsham, PA 19044-1245

November 15, 1992

SUBJECT: Letter of Recommendation

- 1.) This letter is to serve as recommendation for Specialist Mickey Keats Jr. for entry into the Aviation Warrant Officer Flight Training Course. Specialist Keats recently graduated from 67N10 Advanced Individual Training Course and was selected as honor graduate. The fact that he has earned a Bachelor of Arts degree in Psychology and is a working professional demonstrates that he has the ability to learn and is willing to accept responsibility.
- 2.) Based on a review of available individuals records, Specialist Keats has been given favorable recommendations from those who have been in command of his training at Ft. Rucker and he has proven that he is capable of excelling in a high-stress, military environment. I believe that Specialist Keats would be an asset to any aviation unit and would make an outstanding officer. In my opinion, Specialist Keats possesses the necessary characteristics required to successfully complete the initial entry rotary wing flight program. The fact that he has a basic understanding of rotary wing aerodynamics- combined with his aircraft maintenance qualifications- also works to his advantage.
- 3.) I am therefore recommending acceptance of Specialist Mickey Keats Jr.'s application and appointment for entry into the Aviation Warrant Officer Flight Training Course.
