MEMORANDUM FOR WARRANT OFFICER CANDIDATE ACCESSIONING BOARD

SUBJECT: Letter of Recommendation (Keats, Mickey, Jr.,
[REDACTED], SPC)

1. This is an unqualified recommendation that SPC Keats be accepted for Warrant Officer Candidate School and subsequent Initial Entry Flight training.
2. Specialist Keats has demonstrated a commitment to Army Aviation by completing the UH-1 Helicopter Repair Course (67N) as the Honor Graduate. It is clear that his performance is a result of his desire to qualify for flight training as well as outstanding technical ability. This soldier's military bearing, appearance, physical fitness, and duty performance are exemplary. Based upon my personal knowledge and observation I feel that Specialist Keats will make an outstanding Aviation Warrant Officer.
3. Further recommend administrative waiver of the maximum age requirements for flight training. This soldier's demonstrated commitment justifies a waiver. Moreover, had the Army Reserve handled then civilian Keats' recruitment in better fashion, it is likely that he would already be an Aviation Warrant Officer.
4. POC is the undersigned, DSN 558-6315/6405, commercial (205) 255-6315/6405.

William E. Miller Jr.
